Stay. Record. Create.

Torch ATL consolidates recording and accommodations into one PO.

2 RECORDING SUITES / 3 GUEST SUITES / UP TO 10 OVERNIGHT GUESTS

Approximately 25 minutes from Downtown Atlanta and 20 minutes from Hartsfield-Jackson Atlanta International Airport.

Teams from APG, Def Jam, Hallwood and Atlantic Records have recorded at Torch ATL.

Camp Accounts are built for labels, publishers and management companies with multiple projects a year. Book a single camp for one project, or open an account and send dates as projects come up.

THE LABEL CAMP ACCOUNT

One PO. One invoice. Then just send dates.

The Camp Account is approved once, with a single PO and a single invoice. After that there are no new approvals, no new invoices, and nothing more to budget. Stays, studios and engineers are covered, and the estate is secured during every session as standard at Torch. When your team needs the estate, send us the dates.

One approval, once

Budget the account one time. No per-camp POs, no stacking hotel, studio and engineer invoices.

Nothing to coordinate

Engineers and a named concierge are in the price, and on-site security is simply part of every Torch stay. You send the artist. We run the stay.

One email per stay

Your booking contact emails artist, dates and nights. Torch confirms and sends an updated night balance after each stay.

No surprises

Chef, transport, content or added hours are quoted and approved before they are booked. If you never ask, you never see another invoice.

HOW BOOKING WORKS

Pick your dates now, or pick them as you go.

5-NIGHT CAMP

Confirmed dates

01 Send your preferred window. Torch replies with availability within one business day.

02 Camp Agreement and invoice issued. Signature and payment confirm your five nights.

03 Your concierge opens the camp: engineers scheduled, estate prepared, team welcomed.

Your dates are held exclusively for you once the agreement is signed and paid.

CAMP ACCOUNT

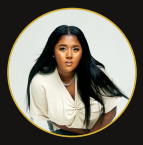

Prepaid nights, booked as you go

01 A short call to cover your roster and likely windows. Camp Account Agreement and one invoice issued; paid at signing.

02 Your account opens with 15 nights, redeemable over 12 months. One booking contact on your side, one concierge on ours.

03 Request each stay by email (artist, dates, nights). Torch confirms against availability; confirmed stays reduce your night balance.

Individual reservations are subject to availability and are not confirmed until Torch confirms them in writing.

Having worked as an A&R and studio manager at Atlantic Records, I know how much back-and-forth goes into coordinating studio time and accommodations for artists, writers, and producers. I built Torch ATL to simplify that process for labels, bringing recording space and overnight stays together in one booking—so your team spends less time managing logistics and more time moving projects forward.

MAKE IT YOURS

Add-ons, quoted per booking

- Additional engineering hours
- Transportation
- Extended security
- Content day with a dedicated shooter
- Private chef and catering
- Photoshoot for press and DSP images

Both packages are prepaid. Dates are subject to availability and confirmed in your agreement. Exclusive estate use during confirmed stays. Engineer coverage is 16 combined hours daily (8 hours per engineer); the client may coordinate daily schedules with Torch. Security is 8 hours daily. Minimum 3 consecutive nights per reservation on the Camp Account; 3 days' notice minimum, 7 preferred, and shorter-notice requests are welcome when the estate and staff are available. Nights are redeemable for 12 months from the agreement effective date. Additional engineering hours, extended security, private chef and catering, transportation, content, photoshoots and events are quoted separately and require approval before booking. Exceptional cleaning or damage may incur additional charges. Guest limits, studio access hours, cancellation terms and applicable taxes are specified in the agreement before purchase.
